

Application No. 09/992,639
Election dated June 20, 2003
Reply to Office Action of May 30, 2003

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

Claim 1 (original): A provisional femoral head, comprising:

a spherical body having a generally cylindrical internal aperture formed in a distal end thereof, said spherical body including a cutout intersecting said internal aperture, said cutout sized whereby a provisional femoral neck can traverse said cutout to be positioned within said internal aperture.

a, Claim 2 (original): The provisional femoral head of Claim 1, wherein said spherical body further includes a clamp aperture sized to receive a blade end of a clamp.

Claim 3 (original): The provisional femoral head of Claim 1, wherein said spherical body further includes a vent aperture fluidly connecting said internal aperture and a proximal end of said spherical body.

Claim 4 (original): A provisional femoral head, comprising:

a spherical body having a generally cylindrical internal aperture formed in a distal end of said spherical body, said internal aperture sized to accommodate a provisional femoral neck, said
